

AGTC DNA Sequencing Price List

The price for DNA sequencing at the AGTC DNA Sequencing Lab is listed below:

Individual samples (one sample with one primer) with the researcher doing the BigDye Terminator reaction = \$6.35 per sequence

Individual samples (one sample with one primer) with the Sequencing Lab doing the BigDye Terminator reaction = \$11.24 per sequence

96-well plate of samples with the researcher doing the BigDye Terminator reaction = \$333.26 per plate

96-well plate of samples with the Sequencing Lab doing the BigDye Terminator reaction = \$366.48 per plate

Please contact the Sequencing Lab for our high volume sequencing project pricing.

Extra charges added to sequencing price:

Color printouts of the chromatogram = \$1.00 per sequence

Sequencing GC rich samples (reaction by the Sequencing Lab) = \$3.09 per sequence

If you have any questions or comments, please email us at weseqdna@wayne.edu or call us at (313) 577-0024.
